Mastitis impact on technological properties of milk and quality of milk products—a review

REVIEW PAPERS

Mastitis impact on technological properties of milk and quality of milk products—a review

C. Le Maréchal · R. Thiéry · E. Vautor · Y. Le Loir

247

Viability of probiotic microorganisms in cheese during production and storage: a review

R. Karimi · A.M. Mortazavian · A.G. Da Cruz

283

ORIGINAL PAPERS

Variations in coagulation properties of cheese milk from three Danish dairy breeds as determined by a new free oscillation rheometry-based method

P.D. Frederiksen · M. Hammershøj · M. Bakman · P.N. Andersen · J.B. Andersen · K.B. Qvist · L.B. Larsen

309

Fast crystallization of lactose and milk powder in fluidized bed dryer/crystallizer

N. Yazdanpanah · T.A.G. Langrish

323

Technological, phenotypic and genotypic characterisation of wild lactic acid bacteria involved in the production of Bitto PDO Italian cheese

S. Morandi · M. Brasca · R. Lodi

341

Effect of milk temperature and flow on the adherence of *Staphylococcus epidermidis* to stainless steel in amounts capable of biofilm formation

Z. Jaglic · D. Cervinkova · E. Michu · M. Holasova · P. Roubal · H. Vlkova · V. Babak · J. Schlegelova

361

NOTES

Molecular beacon based real-time PCR assay for simultaneous detection of *Listeria monocytogenes* and *Salmonella* spp. in dairy products

J. Singh · V.K. Batish · S. Grover

373

Characterization of rennet coagulation of milk concentrated by vacuum condensing and ultrafiltration

P. Upreti · V.V. Mistry · M.R. Acharya

383
