

Dairy Science & Technology

Formerly *Le Lait*

Springer

Special issue dedicated to the 25th anniversary of the STELA Dairy Research Centre, Laval University, Quebec, Canada

Sylvie Turgeon

Foreword

S. Turgeon

491

Preface

J.-L. Maubois

493

REVIEW PAPER

A review of the molecular approaches to investigate the diversity and activity of cheese microbiota

B. Ndoye · E.A. Rasolofo · G. LaPointe · D. Roy

495

ORIGINAL PAPERS

Optimization of milk electroreduction: impact of low anode/cathode voltage difference application on its redox potential modulation during treatment and storage

L. Bazinet · A. Schreyer · J. Lessard

525

Impact of redox potential electrochemical modification and storage conditions on the oxidation reaction prevention in dairy emulsion

S. Haratifar · L. Bazinet · N. Manoury · M. Britten · P. Angers

541

Changes in transcription profiles reflect strain contributions to defined cultures of *Lactococcus lactis* subsp. *cremoris* during milk fermentation

F. Dachet · D. Roy · G. LaPointe

555

Assessment of the bacterial diversity of treated and untreated milk during cold storage by T-RFLP and PCR-DGGE methods

E.A. Rasolofo · G. LaPointe · D. Roy

573

Viability of *Bifidobacterium longum* in cheddar cheese curd during manufacture and storage: effect of microencapsulation and point of inoculation

M.-H. Fortin · C.P. Champagne · D. St-Gelais · M. Britten · P. Fustier · M. Lacroix

599

Effect of milk thermal history on the recovery of TGF- β 2 by acid precipitation of whey protein concentrates

A. Rocafi · É. Lamiot · O. Moroni · S.L. Turgeon · S.F. Gauthier · Y. Pouliot

615

Interaction of epigallocatechin-3-gallate with β -lactoglobulin: molecular characterization and biological implication

R. Zorilla · L. Liang · G. Remondetto · M. Subirade

629

Gel formation and rheological properties of fermented milk with in situ exopolysaccharide production by lactic acid bacteria

M.-C. Gentès · D. St-Gelais · S.L. Turgeon

645

Indexed/abstracted in Academic Search, CAB Abstracts, CAB International, CAS, Current Abstracts, Current Contents/ Agriculture, Biology & Environmental Sciences, EBSCO, Food Science and Technology Abstracts, Global Health, Google Scholar, IBIDS, OCLC, Science Citation Index, Science Citation Index Expanded (SciSearch), SCOPUS, Summon by Serial Solutions.

Instructions for Authors for *Dairy Science and Technology* are available at <http://www.springer.com/13594>.
