## REVIEW PAPER

### **Evaluating the effect of modified atmosphere packaging on cheese characteristics: a review**

S. Khoshgozaran · M.H. Azizi · N. Bagheripoor-Fallah

1

## ORIGINAL PAPERS

### **Native, but not thermally denatured lactoferrin solubilizes iron in the presence of bicarbonate ions**

H.M. Ueno · K. Kato · N. Ueda · H. Matsui · H. Nakajima

25

### **A comparative study of the composition of triacylglycerol molecular species in equine and human milks**

I. Haddad · M. Mozzon · R. Strabbioli · N.G. Frega

37

### **Proteolysis and related enzymatic activities in ten Greek cheese varieties**

A. Nega · G. Moatsou

57

### **Microbial diversity of the traditional Iranian cheeses Lighvan and Koozeh, as revealed by polyphasic culturing and culture-independent approaches**

M.R. Edalatian · M.B.H. Najafi · S.A. Mortazavi · Á. Alegria ·  
M.R. Nassiri · M.R. Bassami · B. Mayo

75

### **Post-processing of concentrated fermented milk: influence of temperature and holding time on the formation of particle clusters**

C. Hahn · M. Sramek · S. Nöbel · J. Hinrichs
