Did you know

- 10 Did you know...? ...about meat

Report

- 11 New data on land-use
12 Valorisation of by-products
14 Greenhouse gas-based PHA
58 Bioplastics for food packaging

Injection Moulding

- 16 Not only for film making
18 Watch bracelets made in Austria
20 Toys and more... (Cover Story)
21 Pitcher with separate bamboo handle
22 Liquid wood and more ...

From Science & Research

- 24 Lacquer from tomato for metal cans
28 Bioplastic products from citrus wastes
36 Advances in PLA chemistry

Chinaplas Review

- 31 Chinaplas

Materials

- 39 Innovative biopolymer blend

PLA Recycling

- 40 Bioplastics want to be recycled as well
42 PLA recycling via thermal depolymerization
45 Solvent based PLA recycling
46 PLA recycling with degassing
48 Mechanical PLA recycling
49 Supporting ecological advantages
50 Better-than-virgin recycled PLA
52 Chemically recycling post-consumer PLA
54 Recycling 'hands on'
55 Pelletizing and crystallizing of PLA

Portrait

- 56 10 years FKUR

Opinion

- 57 Biobased: Lose the hyphen
63 Market studies
64 Reliable and transparent

Basics

- 60 Succinic acid

bioplastics MAGAZINE

ISSN 1862-5258
bw is published 6 times a year.
This publication is sent to qualified subscribers (149 Euro for 6 issues).
bioplastics MAGAZINE is printed on chlorine-free FSC certified paper.
bioplastics MAGAZINE is read in 91 countries.
Not to be reproduced in any form without permission from the publisher.
The fact that product names may not be identified in our editorial as trade marks is not an indication that such names are not registered trade marks.
bioplastics MAGAZINE tries to use British spelling. However, in articles based on information from the USA, American spelling may also be used.

Editorial contributions are always welcome. Please contact the editorial office via mt@bioplasticsmagazine.com.

Envelopes

A part of this print run is mailed to the readers wrapped in Green PE envelopes sponsored by FKUR Kunststoff GmbH and Oerlemans Plastics B.V.
