Features

30

Underground Supermodels

What can a twentysomething naked mole-rat tell us about fighting pain, cancer, and aging?

BY THOMAS J. PARK AND
ROCHELLE BUFFENSTEIN

36

Targeting DNA

After 20 years of high-profile failure, gene therapy is finally well on its way to clinical approval.

BY JEF AKST

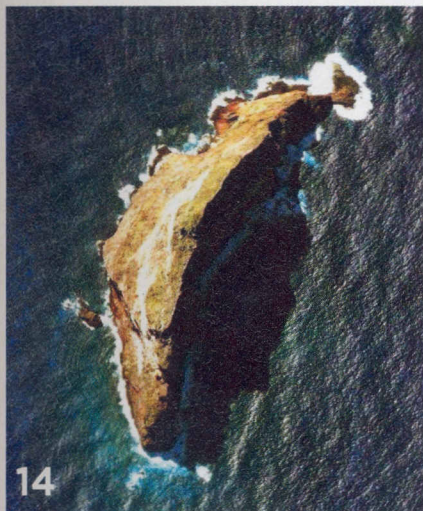

43

Best Places to Work in Industry, 2012

Much has changed in the 10 years since our first survey of industry researchers. Large companies are now looking to small, nimble ones for services as well as innovation.

BY THE SCIENTIST STAFF

Department Contents

11 FROM THE EDITOR
Avant-Garde Science
 Why naked mole-rats and experimental gene therapies remind me of groundbreaking artists.
 BY MARY BETH ABERLIN

14 NOTEBOOK
Finding Phasmids; A Can of Worms; From Bones to Brains; Space Rocks

23 CRITIC AT LARGE
Food for Thought
 Plant research remains grossly underfunded, despite the demand for increased crop production to support a growing population.
 BY TOM BRUTNELL AND WOLF B. FROMMER

26 CRITIC AT LARGE
Regulations for Biosimilars
 How will generic versions of biologic drugs be regulated?
 BY LISA A. HAILE AND KIMBERLY K. EGAN

29 MODUS OPERANDI
Tracing the Ephemeral
 A novel reporter system to track auxin levels in plants
 BY HANNAH WATERS

50 THE LITERATURE
Auxin branching; human ovarian stem cells; drug resistance in parasites

52 PROFILE
Hacking the Genome
 Laurence Hurst has arrived at some unanticipated conclusions about how natural selection has molded our DNA.
 BY KAREN HOPKIN

55 SCIENTIST TO WATCH
Sohini Ramachandran
 BY MEGAN SCUDELLARI

56 LAB TOOLS
Sons of Next Gen
 New innovations could bring tailored, fast, and cheap sequencing to the masses.
 BY TIA GHOSE

59 LAB TOOLS
Microbiology Goes High-Tech
 Out with toothpicks and pipettors; in with automation.
 BY JEFFREY M. PERKEL

62 CAREERS
Motivate Your Lab
 How to run an efficient and creative lab without micromanaging
 BY EDYTA ZIELINSKA

78 READING FRAMES
Migration: Micro and Macro
 Life migrates for three reasons—survival, protection, and reproduction. But cancer cells do that too ...
 BY RUTH PADEL

CAPSULE REVIEWS
 BY BOB GRANT

80 FOUNDATIONS
The Blood Exchange, Circa 1930
 BY CRISTINA LUIGGI
