Early Posting of OSA Journal Articles

OSA now publishes accepted articles for JOSA A, JOSA B, *Optics Letters*, and *Applied Optics* to an Early Posting page as soon as they have been cleared for production. Early Posting articles are presented in their manuscript format as supplied by the author, and they are removed from the page once the final version has been published in an issue.

The articles are grouped according to month of acceptance and the following information is displayed: article title, listing of authors, dates manuscript received and accepted, link to full-text PDF, and author-selected OCIS codes.

Early Posting articles are available at the following URLs:

JOSA A	josaa.osa.org/upcoming.cfm
JOSA B	josab.osa.org/upcoming.cfm
<i>Applied Optics</i>	ao.osa.org/upcoming.cfm
<i>Optics Letters</i>	ol.osa.org/upcoming.cfm

Individuals must contact OSA (copyright@osa.org) for permission to post an Early Posting article, or any published OSA article, on a personal or institution's website. The final published article is the version of record.

Authors who make Early Posting PDFs available on a website are instructed to replace the Early Posting PDF with a link to the OSA abstract page of their final published article.
