2008 Vol.32 No.3

Journal of Light & Visual Environment

Volume 32 Number 3, August 2008

CONTENTS

Lighting Photo Album

Lighting of Narita International Airport Terminal 1

N. Morita

273

Review

The Competitive Technology Environment for LED Lighting

R. Devonshire

275

Papers

Modelling of the Temperature and Current Dependence of LED Spectra

F. Reifegerste and J. Lienig

288

Optical Trap Detector with Large Acceptance Angle

Y. Ichino, T. Saito and I. Saito

295

Effects of Vehicle Headlights on Target Contrast in Road Lighting Environments

A. Ekrias, M. Eloholma and L. Halonen

302

A Study on Affects of Veiling Luminance on Pedestrian Visibility

S. Kohko, K. Kawakami and Y. Nakamura

315

Growth Promotion of a Sea Water Algae with Sterile, *Ulva pertusa* Kjellman, Due to Supplemental Lighting

S. Kosaka, A. Masuda, T. Ozawa, M. Ishiwata, S. Yokoji, N. Saito and K. Murakami

322

Papers Presented at 2008 Annual Conference of IEIJ, August 27-28

332

Production of Electric Lamps in Japan 2005-2007

340

Notes for Contributors
