CONTENTS

Lighting Photo Albums

Security Lighting around Rikkyo University Morris Hall

Y. Abe

3

MITARAI TSUYOSHI Memorial Hall

H. Mizui

4

Foreword

K. Imai

5

Papers

Emission Characteristics of High Color Rendering Index Low-Pressure Xe and CO ICP's Light Source

A. Nazri, A. Kondo, H. Motomura and M. Jinno

7

A New Usage of Laser Interferometer for Accurate Determination of Some Physical Parameters of Carbon Dioxide as One of Most Popular Environmental Pollutant Gas (2)

R. Ghazy, N. Hendawy, S. Said, H. Nafie and F. El-Mekawey

13

On Physics of Optical Laser Light Scattering (OLLS) of an Industrial Polymer Which May Assist in Physics of Random Laser (RL) Investigation

R. Ghazy, N. Fotoh, B. Moharam and F. El-Mekawey

24

Research Notes

Restorative Lighting Environments —Does the Focus of Light Have an Effect on Restorative Experiences?

H.J. Nikunen and K.M. Korpela

37

Rigorous Evaluation of the Series Solution of Integral Equation for Effective Emissivity of a Semi-Infinitely Long Circular Blackbody Cavity in Order of Reflectivity

Y. Ishido and H. Minato

46

Technical Trend

Approach to the Lighting Energy Savings in Japan for Global Climate Change Prevention

T. Hanada
