PESTICIDE ANALYTICAL MANUAL - VOLUME 1  
Foods and Feeds

TABLE OF CONTENTS

|           |                                             |
|-----------|---------------------------------------------|
| CHAPTER 1 | GENERAL INFORMATION                         |
|           | 110 APPARATUS                               |
|           | 120 REAGENTS                                |
|           | 130 STANDARDS                               |
|           | 140 SAMPLES                                 |
|           | 150 ANALYTICAL TECHNIQUES                   |
|           | 160 ANALYTICAL SCHEMES                      |
| CHAPTER 2 | EXTRACTION AND CLEANUP                      |
|           | 210 ORGANOCHLORINE RESIDUES (NONIONIC)      |
|           | 220 CHLORINATED ORGANIC RESIDUES (IONIC)    |
|           | 230 ORGANOPHOSPHORUS RESIDUES               |
|           | 250 AUXILIARY PROCEDURES AND TECHNIQUES     |
| CHAPTER 3 | GAS-LIQUID CHROMATOGRAPHY                   |
|           | 301 GLC COLUMNS                             |
|           | 310 DETECTORS                               |
|           | 320 MULTIPLE DETECTORS                      |
|           | 330 GLC DATA                                |
| CHAPTER 4 | THIN LAYER CHROMATOGRAPHY                   |
|           | 410 CHLORINATED ORGANIC RESIDUES (NONIONIC) |
|           | 420 CHLORINATED ORGANIC RESIDUES (IONIC)    |
|           | 430 ORGANOPHOSPHATE RESIDUES                |
| CHAPTER 5 | DETERMINATIVE METHODS (OTHER)               |
|           | 510 PAPER CHROMATOGRAPHY                    |
| CHAPTER 6 | CONFIRMATORY TESTS                          |
|           | 610 THIN LAYER CHROMATOGRAPHY               |
|           | 620 p-VALUES                                |
|           | 630 INFRARED SPECTROPHOTOMETRY              |
|           | 640 POLAROGRAPHY                            |
|           | 650 DERIVATIZATION TECHNIQUES               |
